Never Neglect Colds; Treat Them Promptly

Often they lead to those pulmonary troubles which are responsible for more than one-tenth of all lives lost through illness.

Heavy colds which develop deep-seated coughs or cause inflammation of the air-passages and persist in spite of medication, weaken the system to a point where resistance easily is overcome—and asthma, bronchial and pulmonary troubles are the result. To renew normal resistance, Eckman's Alternative has been found highly beneficial in many instances.

Its lime content is so combined with other remedial agents as to be easily assimilated by the average person—and it contains no narcotics or habit-forming drugs of any sort. So it's safe to try.

A SALEM WOMAN'S EXPERIENCE

Can you doubt the evidence of this Salem woman?

You can verify this Salem endorsement.

Read this:

Mrs. B. R. Scruggs, 735 S. Thirteenth St., Salem, says: "I know from personal experience that Doan's Kidney Pills are a medicine of merit and I don't hesitate to recommend them to anyone I hear complaining of backache or kidney trouble. I had a dull pain through my kidneys. Other symptoms of kidney disorder convinced me that my kidneys were the cause of backache. I took two boxes of Doan's Kidney Pills and they stopped that misery in my back and put my kidneys in good condition."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Scruggs had. Foster-Milburn Co., Props., Buffalo, N. Y.

NEWS FROM BERING SEA

North Head, Or., July 12.—The government wireless station here today had the first direct news from the San Francisco and Seattle fishing fleets in Bering sea. The word came in a message from Fort Moller, Alaska. Captain Jacobs of the schooner Charles R. Wilson, reported a catch of 110,000 codfish since he left Seattle for the Bering sea April 7. This catch is considerably above the average.

DON'T LET SOAP SPOIL YOUR HAIR

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulford coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

CHARGE, WHITE SLAVERY

Portland, Or., July 12.—Charged with a white slave, Jack Steadman of Seattle was lodged in the county jail here today and will be taken to the Puget Sound metropolis to stand trial for transporting Beekie Miller from Vancouver, B. C., to Seattle last January. Steadman was arrested in Eugene.

Will Not Be Influenced by Outside Threats

Washington, July 12.—President Wilson's course of action regarding the British blockade will in no way be influenced by internal politics in Germany or German threats that the submarine war will be renewed unless England is brought to book.

Officials made this fact known today in commenting upon United Press dispatches from Berlin. They displayed great interest in the prediction of Von Tirpitz that the submarine would be unloosed within three months and Chancellor Von Bethmann-Hollweg unseated, unless President Wilson took strong action against England. But they added that President Wilson in the last note to Germany took pains to make the Anglo-American controversy from the German-American controversy and let Germany know in unmistakable words that this government would handle England without advice from Berlin.

RAILROAD CONTRACT TO BLUE LEDGE AWARDED

Medford, Ore., July 12.—Medford last night celebrated the result of yesterday's election at which the city council was authorized to award the \$300,000 contract for the construction of a railroad to the Blue Ledge mine, a distance of 30 miles, to S. Bullis. The vote was nearly three to one in favor of closing the contract, the total vote being 1,099 for with 366 against. A huge impromptu demonstration quickly followed as soon as the result was known, and 200 automobiles proceeded through the business section sounding their horns while hundreds of men, women and children paraded, tooting toy horns and carrying banners. The march was ended at the Commercial club building where speeches were called for from members of the Commercial club and business men.

The summer school has been in existence 11 years, but its great spurt in growth dates, like that of other departments of the university, from the time of the withdrawal of the Oregon educational institutions from the field of politics, and from the establishment of a high standard of graduate work in all the summer courses.
